Louisvife, July 7.-Stratton pitched a good game to-day and would have shut the New-Yorks out only for errors in the minth inning by Pfeller and W. Brown. Seward gave entire satisfaction in his decisions for both teams. The features of the game were the hitting of Weaver and a catch by T. Brown of a liner off Ward's bat in the minth with two men on bases.

Ruste showed lack of practice, end his work was hardly to his usual standard. Davis, Connor, Burke, Ward and Rusie did not make a hit; in fact Keeler was the only New-Yorker who seemed to face Stratton with any c fidence. Fuller is still away, and Keeler covered short, doing fairly well. O'Rourke and Pfeffer did capital infield work. The score

THE RECORDS.

There is no comfort for local baseball enthusiasts this morning. Rusic at last pitched a game, but as this is the first game he has pitched for a week, he was not in condition to do good work, and the tail-enders won. New-York could not but the curves of Strutton, a pitcher whose delivery has been batted all over the field during a whose delivery has been hatted all over the size during greater part of the sexion. Rain postponed the Brooklyn-Cheveland zame at Cleveland. Boston's defeat enabled the clear-headed Philadelphia players to take the lead in the race for the pennant. The record follows:

THE 12TH REG IMENT READY FOR CAMP

NEW FIELD OFFICERS WILL HAVE AN OP-PORTUNITY-A FINE SHOWING EXPECTED.

Colonel Heman Dowd and the other officers and members of the 12th Regiment have been actively preparing for the last week for their tour of duty the State Camp, which will begin to-day. The regiment will assemble at the armory at 10:30 a. m. to-day and march to the Grand Central Station, where a special train will be waiting to carry them to Peckekill. Instruction in grard and other duties which the men will perform at camp has been given for the last three or four weeks, and it is confidently expected that the regiment will show its mettle in the next week. The week at camp will be an in teresting one in demonstrating whether or not those who have recently proclaimed that Colonel Dowd was pursuing a suicidal course knew what they were was pursuing a suicidal course knew what they were tailed about. The two new field officers, McCoskry Butt and Charles 8, Burns, bave never appeared on the field with the regiment. The latter is an old soldier. The former was vigorously opposed, and several officers resigned when he was elected. Both officers will be well tested within the next seven days.

The start from the Grand Central station will be made at about noon, and it is expected that the regiment will arrive at Peck-kill at about 2:30 p. m.
The 12th will have as companions in camp the members of the 10th Eattalion, of Albany.

A SUCCESSFUL WEEK AT THE STATE CAMP. State Camp, Peckskill, N. Y., July 7.-The work of the week at the State Camp was practically ended morning with the extended order drill. Tomorrow the 715t Regiment and the separate com-panies now in camp will be relieved by the 12th Regiment of New-York, Colonel Dowd commanding. and the 10th Battalion of Albany, under Lieutenant Colonel Fitch. Preparations are already being made for the accommodation of the new troops, a new company street and two rows of tents being added to the park. For the troops still here it has been a most successful week, and the improvements in drill have been marked and rapid. The men can go home to-morrow satisfied that they are better soldiers and proud of the progress they have made, sergeant Pierson, of Company A, was promoted last night to Sergeant Major, and appeared for the first time his new chevrons on evening parade. The was clear and warm, but not uncomfortable.

THE FOURTH OF JULY FIREWORKS AGAIN.

The holiday programme which met with an enthu astic reception at Manhattan Beach on Tuesday night will be repeated this evening. "The Storming of Vicksburg" goes on in stage form every night, and some who have seen the spectacle say that the assault on the Southern fortification is a vivid representation of war and its horrors. The best performance yet given of the piece was that offered on the thirtieth anniversary of the fall of the real V. ksburg, and this will be attempted again this evening with all the effects which made that presentation so realistic

AFFAIRS IN BROOKLYN.

A SUNDAY-SCHOOL TREASURER'S FRAUD.

L. R. LADD, OF THE TWELFTH-ST. REFORMED CHURCH, DISAPPEARS WITH \$700.

The sudden disappearance of L. R. Ladd from hihome at No. 665 Carroll-st., Brooklyn, a few weeks ago, caused the trustees of the Twelfth-st. Re-formed Church to feel timid regarding the safety of the money which was in Mr. Ladd's keeping as treasurer of the Sunday-school. An examination of the man's accounts was decided upon, and a committee was appointed for that purpose. It was then discovered that a few of the books were missing, and had not been turned over to the Auditing Committee by Mr. Ladd when he handed in his resignation in the early part of May. Allen Bowle, who was appointed to succeed Mr. Ladd as tremuter, called f quently on him to secure the books, but Mr. Powie was always sent away with the excuse that Mr. Ladd was sich and was not in a fit condition to

A day before Mr. Ladd left South Brooklyn he re turned the books to a member of the Auditing Committee through a young woman. After that a thorough of the Sunday-school teachers was held in the base ment of the church on Twelfth-st., hear Fifth-ave superintendent Buckley had two men stationed at the doors, with orders to exclude from admission all the chairman of the Finance Committee, reported that there was a shortage of over \$700 in the school fund. The session did not last longer than half an hour, and when it was about to adjourn superintendent Euckley can outsiders the object of the meeting and the nature of

Besides defrauding the church, Mr. Ladd had obtained over \$200 from Messrs. Brower, Martin and Hoagland, all prominent people of the church, under the representation that he was to devote what he received to the interests of the seciety. He found no difficulty in getting the money, for the good reputa from suspecting him of any dishonorable intentions. When it became known to Mr. Hoagland that Mr. Ladd had left the church, he made an attempt to recover \$85 from him. In payment of this Mr. gave a check which on presentation at the Fifth Avenue Bank, this city, was declared worthless. Mr. Ladd was threatened with arrest and presecution by others to whom he was indebted. Before they could take action, however, he had deserted South Brook-

PROTESTING AGAINST INJURY TO TREES.

The Tree Planting and Fountain Society was represented by its president, A. Augustus Low, and other members at the Mayor's office vesterday, to prote against the disfigurement and mutilation of the 90,000 trees in the streets of the city. Mr. Low called attention to the fact that advertisements of the ex cursions of Sunday-schools were allowed to be nailed to the trees. He said: "If sunday-schools set such an example, how can we blame business men for using trees for advertising purposes? If only one school offended we could stop it, but it is a common thing for Sunday-schools and churches to disfigure trees. I think every one who posts a bill should be made to understand that a fine of \$10 can be imposed for the offence. Horses also do much damage to trees, and this should be prevented as much as pos-

partment did all in its power to prevent posting bills on trees, except in the case of churches, to which favor had been shown in the matter. Corporation Counsel Jenks suggested giving all offenders fair warr ing, and then prosecuting them vigorously. The Mayor premised to co-operate with the society, to Mayor promised t

SHALL WE HAVE FREE COINAGE?

THE TRIBUNE has published a remarkable pamphlet, 76 large pages, in which the Free Coinage question, so puzzling to the public mind, is argued out, formally, by that ardent advocate of Free Coinage on the old basis of 16 to 1, William M. Stewart, U. S. Senator from Nevada, on the one hand, and, on the other, by Roswell G. Horr, ex-Congressman from Michigan, a sturdy champion of the Republican doctrine that metallic dollars should contain as much metal as they are nominally worth.

Each writer contributes six clearly written, pointed, and able papers to the discussion. Mr. Horr has the best of the argument:

Silver Dollar men will find their respective cases stated strongly. Copies can be had at the Business Office
